

Subaward CUI Determination Request

To:

From: Mississippi State University

RE: CUI and Fundamental Research DFAR clauses

Dear :

The above-referenced award contains DFARS 252.204-7012, Safeguarding Controlled Unclassified Information ("CUI"). Pursuant to DoD instructions found in DFARS 252.204-7000 and the March 6, 2020 DoDI "Controlled Unclassified Information", the Contracting Officer for the award may determine that information is/is not subject to public release and/or whether information produced, used, and/or received in the performance of the award is CUI. To facilitate performance and compliance with the above-referenced award, we respectfully request that you provide a determination about data that will be developed as well as data potentially received from your agency. Please mark the following boxes as appropriate:

If _____ is expected to create:

- Data produced in the performance of this award will **NOT** be Controlled Unclassified Information
- Data produced in the performance of this award **will** be Controlled Unclassified Information because it is subject to controls around the release or dissemination of the information

If MSU will provide:

- CUI will **NOT** be provided by this sponsoring agency during the period of award performance
- CUI **may or will** be provided by this sponsoring agency during the period of award performance

Fundamental Research:

- In addition to the CUI determination above, this award meets the definition of Fundamental Research as defined in DFARS 252.204-7000(a)(3).
